

LOADMASTER® ROTOMOLD TRANSIT

Loadmaster® rotationally molded transit cases set the standard for modular stackability and durability. With patented designs, these cases interlock securely through molded stacking features on the top and bottom, ensuring stability during transport. Molded-in inserts eliminate leak paths, providing superior protection against corrosion and hazardous material accumulation, while allowing easy hardware replacement with a screwdriver.

Stainless steel fasteners and molded-in inserts deliver the strongest hardware attachments available. Perfectly aligned 90° walls maximize interior volume and stacking efficiency. Loadmaster® cases are fully modular in all dimensions, offering unmatched performance and versatility for the secure transport of critical equipment.

MATERIAL	LOADMASTER® ROTOMOLD TRANSIT CASES	COMPETITORS TRANSIT CASES
Interlocking Stacking	Patented, Loadmaster® Interlocking Stacking Pattern	Varies
Zero Draft Angle	Yes	No
Filed Replaceable Hardware	Yes	No
Modular	Fully Modular	No
Standard Colors	11+	4
Payload	Up to 350 lbs.	Up to 150 lbs.
Size Options	90+	Varies
Molded-In Fasteners Inserts	Molded-In, Threaded Inserts Eliminating Leak & NBS Paths, Allowing Latches & Handles to Be Fully Field Replaceable	Riveted
Features	Ergonomic Handles, Pressure Relief Valve, Gaskets, Fully Field Replaceable Handles & Latches, Swivel Stacking Latches	Varies
Options	Lid Pouches, Edge Casters, Custom Cushions, Stenciling, Drawers, Telescoping Tote Handle (toteabel version only), and More	Varies

TESTING:

Testing including but not limited to requirements listed below in accordance with: MIL-STD-810H, MIL-STD-1472(H)*, ATAA300(19)*

- » High / Low Temperature
- » Drop Testing
- » Vibration
- » Loose Cargo Bounce
- » Water Submersion
- » Fungus Growth
- » Low Pressure

* Dependent on how case is equipped

FEATURES:

- » Interlocking, Modular Stacking
- » Watertight
- » Molded-In, Threaded Inserts
- » Available Cushion Options
- » Available Caster Options
- » 11+ Colors
- » Fully Removable or Hinged Lid Options

APPLICATIONS:

- » Outdoor Enthusiast
- » Adventurer
- » EMS
- » Military
- » Incident Command
- » Recreationalist
- » Sportsperson
- » Construction
- » Deployment
